ACTION REQUIRED - REFERENCES					
<p>Reference: OIRA 46543</p> <p>1. At request of PEAFFIRM QREBOUT has again raised with [] the question of a move of his operations to a location other than Munich. We reviewed the action taken in the fall of 1966 and the position taken at that time by Rome.</p> <p>2. Apparently the PEAFFIRM interest is based on the hope that some arrangements can be made which would make the move more acceptable to Rome; particularly they would expect to meet some of the suggestions in paragraph 4 of reference. [] told QREBOUT that he continues to believe that QREBOUT's operations would be better off away from Munich, and to the extent possible, divorced from QKACTIVE. [] expressed the view, however, that a move to Italy might add problems of greater weight than the problems which stem from the location in Munich, where we still enjoy a friendly and not overly inquisitive operational climate.</p> <p>3. As an alternative to Italy, [] suggested to QREBOUT that he might wish to inquire of PEAFFIRM whether they would consider the United Kingdom. [] emphasized that prior to any serious consideration PEAFFIRM should raise the matter with Headquarters. QREBOUT feels that the United Kingdom would be a good location, although he would prefer Italy. Incidentally, QREBOUT said that he felt that Florence or perhaps Milan would be a better location than Rome.</p> <p>4. On the question of backstopping and removal of QREBOUT's activities from close connection with QKACTIVE, QREBOUT and [] came up with no good ideas about how to accomplish such a change. We discounted the idea that</p> <p>Distribution:</p> <p>✓ 2 - C/WOLINE 4 - C/Eur 2 - COS/G</p>

<p>QRBOUT's operations should be in fact totally separated and set up as a separate project. [] advanced the thought that it might be possible to organize some sort of a committee such as QKACTIVE, with [] at the head of it and with a Board which could consist of some of the present QKACTIVE members. The new committee would have some sort of name which would relate to activities such as QRBOUT's. QKACTIVE funds would be channeled to QRBOUT's operations via the new Committee. Perhaps Jasper O. LAMBIE could be named Executive Director or Secretary of the new Committee. The new Committee would not attempt to deny its connections with QKACTIVE but it would not publicize it. It might even be possible to establish it as a sub-Committee of QKACTIVE. Such a Committee would provide a measure of backstepping for QRBOUT in the sense that he would no longer be required to identify with QKACTIVE directly.</p> <p>5. [] and QRBOUT are aware that the stateside climate is certainly not very appropriate for the establishment of any new Committee.</p> <p>6. QRBOUT is putting down his thoughts for transmission to LAMBIE and [] will forward them via this channel.</p> <p style="text-align: center;">[]</p>
